

THE AWARD WINNING "SEAL SAVER"* **WILL SAVE YOUR MAINTENANCE DOLLARS!**

Look at what your colleagues are saying about the "SEAL SAVER"*.
*PATENTED

"We were replacing Bridgmaster cylinders at a rate of one per month until we protected our entire fleet of 71 mixers with the "SEAL SAVER" in December 1997. We do not replace cylinders anymore. We will be reaping the benefits of this product for years to come."

Philip Schwarz
Schwarz Ready Mix, Inc.
Yukon, OK

"The product is so simple to install and works so well. Where was it thirty years ago?"

David Marchand
LaFarge Construction Materials
Slidele, LA

"I won't put another new mixer in the field without a "SEAL SAVER" installed on it. Acid wash isn't going to damage another one of my Bridgmaster cylinders"

Phil Eggli
Overland Sand & Gravel Co.
Stromsburg, NE

"I installed the "SEAL SAVER" on my Bridgmaster and loader cylinders. I haven't replaced or rebuilt a cylinder in 5½ years."

Karl Wolf
LaFarge Construction Materials
Metairie, LA

Awarded an OEMmie Award by *OEM Off-Highway* magazine as one of the top new products of 1998, the "SEAL SAVER"* was chosen from over 1,000 entries by an independent panel of judges consisting of university and industry leaders.
